

HORSE DRINKER

Features

- Adjustable valve.
- ½" threaded water inlet.
- Constant water level regulated with float.
- Quick and easy cleaning receptacle with a large drinking surface.
- Facilitation of parts and spare parts services.
- Capacity of 2 liters of water with a pressure of 20 to 50 psi.
- MATERIAL: High quality galvanized steel.

Benefits

- You don't need training.
- Easy to install since it can be connected directly to the water and has the advantage that the valve can be changed on the side to connect quickly in case the pipeline is on the right or left.
- Includes a reinforcement support to guarantee less deformation.
- Easy washing and disinfection.
