

METALLIC STAND

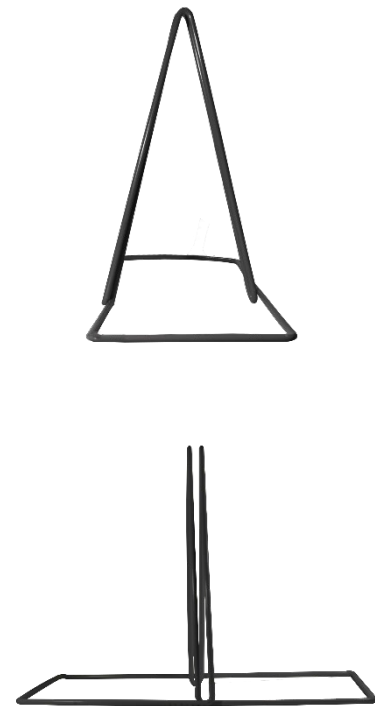

Triangular metal stand to support the rectangular panel “CHICK-FENCE” or when being part of the EVOLUTION® anti-migration barrier. The metal stand in the poultry house in use are more firmly adhered to the floor with the passage of time.

Features

- Made of ¼ crude steel with a single point of welding.
- Available in presentation in crude steel or galvanized depending on the use and location of the farm.
- Metal rod length: 3m.
- Measurements: 50 cm X 22 cm X 40 cm.
- Weight: 1.2kg.

Benefits

- Allow greater support to the plastic panels "CHICK-FENCE" and anti-migration barrier "EVOLUTION".
- Durable and resistant.
- Easy to move and transport.
- Easy washing and disinfection.
