

**An exclusive hanging feeder with a big hopper type bucket and "U" pan with anti-waste large lip for broiler, poults, pullets and all kind of back yard birds from the first day of age to older ages depending on the bird.**

## Features

- Made with 100% high-density virgin plastic and additives that provides a high resistance and durability.
- Conic-cylindrical hopper of wide mouth and hanger on the top with 4 windows below for better feed distribution and a flat pan in "U" shape with structures for fixing the hopper.
- Hopper and Pan colors; available in orange-yellow (broiler, backyard birds), green-red and green-green (poults).
- Recommended density: 1 TURBOMAX® for every 50 to 100 chicks.
- Capacity: 26.4 lb.

## Benefits

- Greater live weight from the first week to the end of the flock.
- Reduce mortality and cross infections.
- Improve Feed Conversion.
- Promotes intestinal integrity avoiding litter intake.
- Easy to wash and disinfect.

To be used in:

Turbomax + Maxi Lid
