

Water Saver is a plastic double nipple holder with ergonomic guards for pigs designed and patented by Sephnos.

Features

- Made with 100% high-density virgin plastic and additives that provides a high resistance and durability.
- Designed with two guards with the shape of concave figures to carry in the center any type of nipple drinker on each side.
- Is part of a water drinking system that includes; nipple holder, metal tube, chain, nylon rope, cord adjuster and plastic hose.

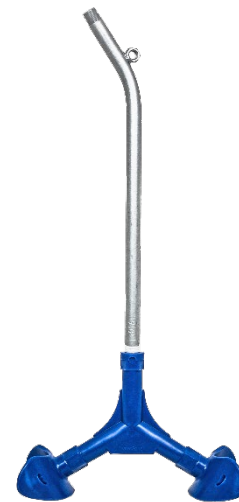

Benefits

- Reduce 25% water waste.
- Favors the delivery of any type of drug or medication by water.
- The ergonomic design allows the pig only drink from the front, avoiding the waste of water.
- Promotes intestinal integrity avoiding litter intake.
- Easy to wash and disinfect.

Accessories

- Metal nipple.
- Galvanized or stainless-steel metal tube.
- Chain or nylon rope.
- Plastic height adjuster.
- Plastic hose.
